CAPACITY BUILDING AND SKILLS ENHANCEMENT INITIATIVES TAKEN BY THE INSTITUTION

Sanskriti School of Business closely monitors each and every student, assisting them in acquiring, enhancing, and maintaining the skills, knowledge, tools, equipment, and other resources necessary to carry out their professions effectively. As a result, kids will develop and excel in all of their endeavors. We'll assess each person's strengths and limitations before providing training to improve their capacity, skills, and capacities. The overarching goal of SSB is holistic development, thus we mould our students by providing them with programmes to improve their knowledge acquisition skills through a variety of extracurricular activities, such as the arts and literature. The institution has implemented the following measures to improve skills and capability.

- Providing external training by inviting training professionals from outside to conduct workshops/seminars etc.
- Integrated soft skills training with the time table and training students with the help of professional internal trainers
