It helps in building support network to bridge individuals and available entrepreneurial resources. Our student gets an insight of the development of new businesses through peer discussion and feedback, speeches by guest entrepreneurs, and faculty support including the Business Plan Competition and on and off-campus entrepreneurial workshops.

#### **Objectives:**

- To create entrepreneurship awareness to students.
- To create self - employment awareness.
- To motivate students to make their own career path and create awareness of self - financial schemes of various agencies.
- To organize entrepreneurship development programs.
- To create awareness among students on industrial business and on the availability of financial assistance enabling them to start their own industrial ventures.
