2017-18

Number of extension and outreach programs conducted by the institution through NSS/NCC/Red cross/YRC etc., (including the programmes such as Swachh Bharat, AIDS awareness, Gender issues etc. and/or those organised in collaboration with industry, community and NGOs) during the last five years

Title of the Report: Bike Rally (Kerala Relief Fund Program)

Team Members: (Faculty Coordinators)

Mr. Anil Kumar TN

Summary:

Kerala is in the midst of unprecedented flood havoc. The calamity has caused immeasurable misery and devastation. Many lives were lost. Hundreds of homes were totally destroyed and many more were damaged. For the first time in history, 27 dams in the State had to be opened. Never before had the State witnessed a calamity of this scale. In the fight against the flood, we have braved the odds.

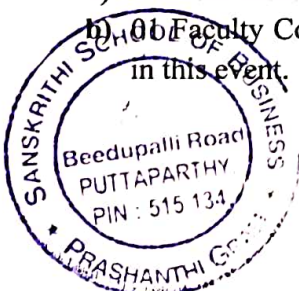

Now it is our duty to help the affected rebuild their lives. The path to recovery can be long & arduous, but you can make a difference by joining the rebuilding efforts. Contribute generously to the Chief Minister's Distress Relief Fund. We the sanskrithians have planned to conduct the Bike Rally on Awareness and also to get some financial contribution from local rural people located in and around our campus.

We have collected approx. 8000 INR on behalf of our Sanskrithi Group of Institutions – Puttaparthi, which will be transferred to our CM Relief Fund soon.

About Sanskrithi School of Business:

Sanskriti School of Business (SSB) was founded in 2010 by Mr. Vijay Reddy in the rural regions of Puttaparthi. Driven by his endeavor to develop the rural youth, SSB was established to be a forerunner in the development and creation of future management leaders. We are diverse, welcoming, accepting and passionate about being the best we can be. Our campus is located in the midst of vast open spaces with more than its share of flora and fauna. We create an ideal environment for our students to exercise their thoughts and creativity. Our faculty is well qualified and play various roles like a guide, role model and friend to our students. We have separate clubs like Entrepreneurship development, HR club, Marketing club, Finance club, NSS club, Green Campus committee to encourage students in innovation, thinking out of box and implementing the best ideas suggested by them.

4. Conclusion

This is a great opportunity for us to help the needy people in this pandemic time by providing food, masks, medicines, rice, vaccination, sanitizer and to help them in their daily activities. It is a great pleasure for us to work with MGNCRE. Created vaccination awareness through Social-media by posting in WhatsApp groups of college, family, friends, etc. In this situation, values, emotions, bond, relationship played crucial role. So, we connected with old age people to help them to complete their daily activities.

2021-2022

Title of the Event: NSS Activity

Title of the Program: Awareness on Cyber Security

Date of the Event: 14.06.22

Faculty Coordinators: Mr. Ranganatham V

Target Audience: Staff & Students of Mangalakara Degree College & Vignan Nursing College

Number of Participants: 200

Theme:

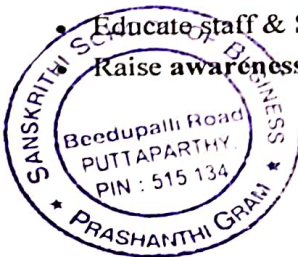

With directions from AICTE and University Grant Commission (UGC) to organize 'Cyber Jagrukta Diwas' to raise awareness about cybercrime, SSB conducted awareness program on Cybersecurity in Mangalakara degree college and Vignan Nursing College.

Objective of the Program

The objective of cyber security is to prevent or mitigate harm to—or destruction of—computer networks, applications, devices, and data. Now, from social media to online banking to digital hospital records, every piece of our lives are available on the internet. Hackers and other nefarious characters can fight to gain access to this information and use it for their own purposes. In essence, everyone needs cyber security.

Take Aways to the Staff & Students:

- Educate staff & Students on the **cyber** threats faced.
- Raise awareness of the sensitivity of data on systems.

Common Scenarios - Identity Theft

Identity theft is a term used to refer to fraud that involves stealing money or getting other benefits by pretending to be someone else.

Section 66C Punishment for identity theft.
Whoever, fraudulently or dishonestly make use of the electronic signature, password or any other unique identification feature of any other person, shall be punished with imprisonment of either description for a term which may extend to three years and shall also be liable to fine which may extend to rupees one lakh.

Section 66D Punishment for cheating by personation by using computer resource
Whoever, by means of any communication device or computer resource cheats by personation, shall be punished with imprisonment of either description for a term which may extend to three years and shall also be liable to fine which may extend to one lakh.

Common Scenarios - Identity Theft

Illustrations :-

1. An American national named Ken Haywood, whose most likely fault was, that his Wi-Fi internet connection was hacked, and under the scanner for involvement in the Ahmadabad terrorist attacks.
2. The biggest case of identity theft ever seen, took place in August of 2009. Eleven people, including a US secret service informant, had been charged in connection with the hacking of nine major retailers and the theft and sale of more than 41 million credit and debit card numbers. This data breach is believed to be the largest hacking and identity theft case ever prosecuted by the US Department of Justice.
3. Kingfisher Airlines was duped of Rs 17 crore caused by an online ticket booking fraud, caused by credit card bookings. These credit card details were obtained by the thieves from various places like shopping mall, restaurant and petrol-pump employees who swipe these cards, felt the officers working on this case.

Cyber Crime - Motivation

- Money
- Curiosity
- Revenge
- Fun
- Praise seekers

Common Scenarios - Email Spoofing

Illustrations :-

1. In an American case, a teenager made millions of dollars by spreading false information about certain companies whose shares he had short sold. This misinformation was spread by sending spoofed emails, purportedly from news agencies like Reuters, to share brokers and investors who were informed that the companies were doing very badly. Even after the truth came out the values of the shares did not go back to the earlier levels and thousands of investors lost a lot of money.
2. A branch of the erstwhile Global Trust Bank in India experienced a run on the bank. Numerous customers decided to withdraw all their money and close their accounts. An investigation revealed that someone had sent out spoofed emails to many of the bank's customers stating that the bank was in very bad shape financially and could close operations at any time. The spoofed email appeared to have originated from the bank itself.

Cyber Crime – Its No more a fun

Cyber crime controlled by IT ACT 2008 and respective IPC (constantly evolving)

Complete control of Govt agencies over information stored, processed and transmitted over internet

Upgradation of Investigating agencies with latest technology

Service providers like ISPs, email service providers, etc are liable to share information with Govt agencies

Upgradation of Forensic labs

Stringent punishment for cyber crimes

Common Scenarios - Intellectual Property Crime

Illustrations :-

A software professional from Bangalore was booked for stealing the source code of a product being developed by his employers. He started his own company and allegedly used the stolen source code to launch a new software product.

In 2003, a computer user in China obtained the source code of a popular game - Lineage from an unprotected website. This proprietary code was then sold to several people in 2004. One of those people set up a website, www.L2extreme.com, to offer the "Lineage" game at a discount.

Common Scenarios - Cyber Pornography

Cyber pornography covers pornographic websites, pornographic magazines produced by computers and the internet. Whoever publishes or transmits or causes to be published in the electronic form, any material which is obscene in nature falls under cyber pornography.

Section 67 Punishment for publishing or transmitting obscene material in electronic form

Punishment - Imprisonment from 2 – 10 years with fine upto 10 lakhs

Common Scenarios - Web Defacement

Website defacement is usually the substitution of the original home page of a website with another page (some abusive page) by a hacker.

Security Awareness – Social Media

- Social Media (FB, twitter, etc) is now an integral part of our daily life
- Be sensitive in what you upload on your social networking account (status, pics, etc)
- Use security and privacy options provided by social media sites
 - SMS based second factor authentication
 - Access control (who can see what)
 - Browser /machine mapping to your social media profile
 - Block
- Keep your personal details, personal.

Security Awareness – Smart mobile devices

- DO NOT jail break or root your smart phones
- Connect to ONLY authorized wifi access
- Use auto lock features
- Download apps from authorized app stores ONLY
- Use Privacy options provided by various mobile Operating system
- Do NOT accept calls from weird numbers OR do not give a call back

Common Scenarios - Email Bombing

Email bombing refers to sending a large number of emails to the victim resulting in the victim's email account or mail servers crashing.

It is also a kind of Denial of Service (DoS) attack

If found guilty, the punishment shall be extended till 3 years

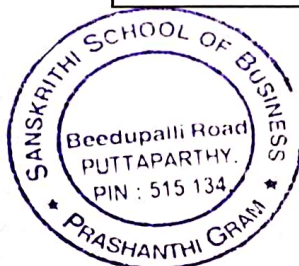

Other Common Cyber Crimes

Cyber crimes can be categorized and listed in multiple ways, however some of the other common cyber crimes observed are as below but not limited to :-

- Cyber stalking
- Cyber Bullying
- Installing Key loggers
- Cyber Terrorism
- Email based Frauds
- Web jacking
- Online Gambling
- DoS Attacks

Security Awareness – PASSWORD

- Passwords are the only and/OR the primary option to ensure privacy of your information
- Ensure Passwords are complex in nature
 - Not as complex that you tend to forget it
 - Include combination of upper & lower case, special chars and numbers
 - Not easy for others to guess (like your pet name, etc)
- Sensitive passwords should be changed frequently
- Do not write passwords
- Be extra careful of your passwords when using shared machines (like cyber cafe)
- Avoid sharing your passwords to anyone

Name of the Resource Person : Mr. Shantanu & Mr. Dillip

Profile of the Resource Person:

Shantanu calls the entire planet his home; however he is based in Mt. Abu, Rajasthan, India. He lives within the community of Brahma Kumaris, a socio-spiritual organization in Mt. Abu.

Academically a very bright scholar Shantanu did his graduation in Fashion design from the prestigious NIFT, Kolkata with award for most innovative Design Collection for year 2012 & was an exchange student to Modart International, Paris. He also holds a second bachelor's degree in Fine Arts.

After a brief experience in Fashion business he shifted into teaching design and fashion in many reputed universities of Design and Fashion as a guest lecturer. His environmental inclination helped him with designing special course structures that are focused on upcycling, recycling and deconstruction.

He has also been into the media for almost 8 years and has his specialty in concept designing and story narrations.

Shantanu's personal journey with the environment started in 2015 when he became Vegan. Within a few months, he found himself engaged in climate activities. He was the rapporteur for the COY Paris and helped develop the Youth manifesto. Participated and facilitated as mentor in LCOYs and organized the 2019 LCOY India and 2020 VCOY India as well.

A BK delegate to UNCCD COP 14 he was also a key member in the Youth Desertification Forum at the UNCCD COP 14, New Delhi, India. He was one out of 7 youth to be funded by UNFCCC for COP 25 in Madrid in 2019.

At present he is the facilitator for Environment and Faith in Steering Committee of UNEP MGCY, BK Contact point for YOUNGO, UNFSS, GYBN and WWF Faith Plans. He is a mentor in the Climate Ambassadors Program of Care about Climate organization.

His main area of work has been benevolent, holistic activism with a shift in consciousness, as he believes that consciousness and climate are deeply connected. Serving in the field of Education, Awareness, Well-being and Youth, he is most passionate about connecting values and their applications. He lives a lifestyle that is very close to nature and more sustainable.

An inner shift in consciousness can help us look into solutions because the same consciousness that was responsible for the problems can't be bringing out solutions.

One of his strongest beliefs are reflected in the statement, "Simplicity is Kindness".

BK Dilip Bhai has been practicing Rajyoga meditation for the past 18 years. The divine inspirations from Bapdada have motivated and guided him in choosing this elevated path of life.

He completed B. Tech. Computer Science in India and M. S. Computer Science in USA. He is awarded Executive MBA from Stanford University, USA.

While he was in the USA, he started regularly attending classes at Rajyoga Meditation Centers and he is also fortunate to receive spiritual sustenance very early in this path from Mohini Didi (Newyork), Additional Chief of Brahma Kumaris.

Points Discussed:-

Transition is an on-going process in everyone's life that takes place at different stages. This might be from the final years of school to the early years of higher education, occupational training, independent living or social opportunities. Also it can be from the final years of college/campus to the early years of one's career. Transition from campus to career needs more attention as it involves a lot of planning. The objective of the planning must ensure that the person possesses the necessary skills to enable the person to cope up with the corporate culture and climate.

For an individual, starting to work in an organization is a unique and critically important phase that requires a special perspective and strategy to be successful as a fresher. Research suggests that the success of the transition period will have a major impact on aspects like salary, advancement, job satisfaction, and ability to have cordial relationships within the organization as well as on one's own feelings of success, accountability and commitment to the job.

Campus life and corporate life are fundamentally different. If one continues to have same expectations from his employer as he/she had from the professors in the campus, one will be highly disappointed and damage the career success as the culture of education is so different from the organizational culture. So, we need to bridge the gap.

Life in college has a structure and you know what to expect. Be it exams, classes, conferences, etc, you know the outcome. Corporate life is the exact opposite. It is fast paced and you often face deadlines and tight schedules. No two days may be the same. One can learn a lot by involving oneself in hands on activities within the organization.

Student Learning's:-

- Punctuality is very mandatory. It is better to arrive at work on time. Strictly follow the rules and regulations of the corporate.
- Listen, observe and give attention to every minor detail before jumping to any conclusions.
- Stay away from internal politics and gossip. It is better to observe the happenings around us and not contribute to it.

- Follow professional ethics by imparting values and manners. For instance, one's friend's room may be okay with him, but barging into the employer's room is not acceptable. Use simple magic words like 'Please' and 'Thank you'.
- Be a learner always to learn what you need to know. Find a mentor to guide in the career path.
- Always stick to deadlines. Complete the assignments before time so that one will have time to make changes if required.
- Pay keen attention to corporate culture to learn how things work within the organizations.

The biggest challenge while transition from campus to corporate, you yourself have to develop the self confidence that you have the ability to perform the job assigned to you. You also will be expected to demonstrate that you have the ability to learn and perform more to the satisfaction of your superiors. The more you deliver, more the expectations is added from your end.

It is only you who has to create your space in the team as contributing member, because nobody likes a weak link in their team. Believe in one thing, in the end you will get through this and transform into a beautiful corporate butterfly!
