SANSKRITHI SCHOOL OF BUSINESS

Approved by AICTE, New Delhi. Affiliated to JNTUA, Anantapur.

Beedupalli Road, Prasanthi Gram, Puttaparthi, Anantapur – 515 134.

Title of the Report: Swatch Bharath – Walk with Nature

Team Members: (Faculty Coordinators)

Mr. Anil Kumar TN

Ms. Tanuja

Ms. Keerthi

Mr. Prasananjeya Reddy

Summary:

"God made you, God made me.

God made trees, God made leaves.

God says: please take care of these..."

It's always fun to help and be with our green friends as they help to keep our environment clean, in purifying air and giving us oxygen to survive.

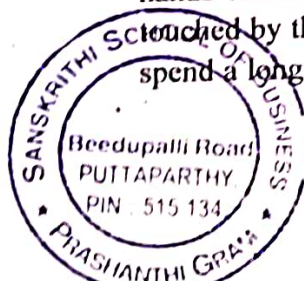

Executive Summary of the Report:

- a) Find the visuals in the Photo Album
- b) 04 Faculty Coordinators and 85 Engg. Students have participated in this event.
- c) Location: Amagundepalyam Trekking – Walk with Nature (35 KMS away from campus)

Findings and Suggestions:

The emphasis is not on finding out names or identifying things as one might do on a 'nature walk'. We find that we must develop the tenacity and patience needed to simply watch nature. Sometimes children are accustomed to the fast paced changes and excitement that nature shows on television can provide. But they soon learn that nature really has its own rhythm and takes time to unfold its movement; it is not an entertainment but more the reward of diligent observation and sustained interest.

After moving to our campus at Puttaparthi, the walks have become even more intense and relevant. They have helped us look at learning and attention in a direct sense. The duration of the walk is from three hours and a half. For a little while, we sit quietly watching the sunset on our own. For some students, this can be quite difficult — though they are silent, their hands remain restless! Even these students do have their quiet moments, when they are touched by the magic happening around them. We reach a beautiful and interesting spot, and spend a long time exploring and climbing. On these occasions, there isn't necessarily a focus

on being quiet. These walks have also helped us get to know our neighbours more closely. Initially, none of the villagers could comprehend our strange and purposeless walks! Over time, we have become a regular fixture in the village surroundings. The students spend a long time playing with and fondling the cattle and their young. We watch and understand the rhythm of the farmers' lives, and we eat the crops they grow — rice, pulses and fruits.

Except from the books and courses let's teach our children to clean the resources.

Our festival mission is to:

Conducted cleanliness drive for creating awareness among the public in the Beedupalli Village – Behind the Campus. The NSS volunteers actively participated in creating awareness by taking door to door campaign to the public, informing them about the importance of cleanliness. The students took the initiative to clean the surrounding of vicinity. The total number of students who participated in the campaign was 110.

Executive Summary of the Report:

- a) Find the visuals in the Photo Album
- b) 10 Faculty Coordinators and 230 MBA Students have participated in this event.

Findings and Suggestions:

There was a big push by all the students and faculties along with the Management in making this event a very grand success with the association of Department of Police and Municipal Corporation – Puttaparthi. As a guest of honour we have Mr. Ratnakargaru (Head of the Ptp), DSP, CI and team of Municipality who have started this event by flag hosting.

All the students had a wonderful time with more of energetic participation. All of them are very interested to have some new feeling and experience. This event was self financed by the Institution Management; we request to grant some funds from the university.

The students took the initiative to clean the surrounding of vicinity. The total number of students who participated in the campaign was 95.

Executive Summary of the Report:

- e) Find the visuals in the Photo Album
- d) 3 Faculty Coordinators and 95 MBA Students have participated in this event.

Findings and Suggestions:

Swatch Bharat Mission runs by ministry of HRD in India from 2nd October 2014 to 2019. In this series once again Sanskrithi School of Business celebrated Swachh Bharat Mission in the College premises dated on 1/1/2018

The College campus was cleaned by the students, the cleaning of polythene bags, collecting dirty materials and fencing around the plant plantation site and the wastage was dispersed in to the dumping yard. The students also cleaned the playground which was partially covered with unnecessary plants. The students also watered the plants.

Various cleanliness and hygienic aspects were discussed in the morning assembly. Mr. Anil Kumar TN, PRO also highlighted the vision of Hon'ble Prime Minister of India about Swachh Bharat Mission. He also explained about Mahatma Gandhiji's dream of a clean India. He also told cleanliness is required to live healthy, as Cleanliness is equal to Godliness.

Title of the Report: Children's Day

Team Members: (Faculty Coordinators)

Mr. Anil Kumar TN (PO)

Mr. Manian

Mr. Sai Shankar

Executive Summary of the Report:

- a) Find the visuals in the Photo Album
- b) 3 Faculty Coordinators and 15 MBA Students have participated in this event.

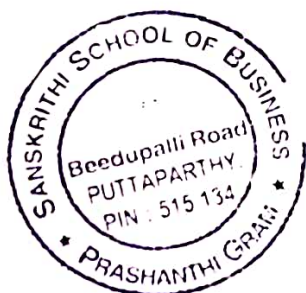

Findings and Suggestions:

While kids studying in private and international schools enjoy many amenities, for their government school counterparts, it's not the case often.

Mr. Naveen Kumar. Student of II MBA - SSB, a volunteer said, "We want to change the government school atmosphere into a 'modern' school environment on Children's Day (November 14) and we want to bring a sense of pride/ownership among children studying here. Call it an attempt to transform a government school into a modern one."

Mr. Sravan Kumar, Senior MBA grad – SSB, a volunteer said, "We believe that every child has equal rights to study, play, grow, stay healthy and shine in every aspect of life. These children are the future of the country. They will grow up just the way we mould them onto. They need a good healthy environment, proper facilities, plentiful love and attention to grow up."

We request the university to grand some funds, to make such events even more memorable to the volunteer as well the govt. Students.

Title of the Report: Bike Rally (Kerala Relief Fund Program)

Team Members: (Faculty Coordinators)

Mr. Anil Kumar TN

Summary:

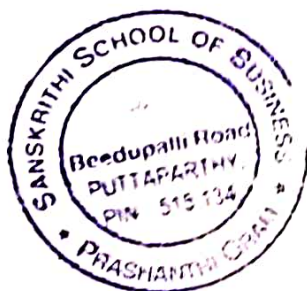

Kerala is in the midst of unprecedented flood havoc. The calamity has caused immeasurable misery and devastation. Many lives were lost. Hundreds of homes were totally destroyed and many more were damaged. For the first time in history, 27 dams in the State had to be opened. Never before had the State witnessed a calamity of this scale. In the fight against the flood, we have braved the odds.

Now it is our duty to help the affected rebuild their lives. The path to recovery can be long & arduous, but you can make a difference by joining the rebuilding efforts. Contribute generously to the Chief Minister's Distress Relief Fund. We the sanskrithians have planned to conduct the Bike Rally on Awareness and also to get some financial contribution from local rural people located in and around our campus.

We have collected approx. 8000 INR on behalf of our Sanskrithi Group of Institutions – Puttaparthi, which will be transferred to our CM Relief Fund soon.

Executive Summary of the Report:

Title of the Report: Independence Day Celebrations

Team Members: (Faculty Coordinators)

Mr. Anil Kumar TN
Ms. Prasanthi E
Ms. Vijayasree
Mr. Rajasekhar

Summary:

On 15 August 2018, Sanskrithi School of Business, celebrated Independence day with zeal and spirit befitting the occasion. Group Director of Sanskrithi Group of Institutions, Dr. P Narayana Reddy and staff and students graced the occasion. The Indian tricolor was unfurled in the school field in the morning. Thereafter, the cultural program began with the lighting of the lamp. The school choir set the pitch for the program with prayer songs. The school choir enthralled the audience with the patriotic songs they sang. Students also danced to the song 'Maa Thujey Salaam'. This colourful presentation received much deserved applause from the audience present. The Principal, Dr. Srinivasan thanked the students and staff for their encouraging presence. Post this cultural extravaganza, students participated in games that were organized by staff. There was a match between the Sanskrithi School of Engineering and Sanskrithi School of Business. The prizes they won added cheer to the day.

Executive Summary of the Report:

- Find the visuals in the Photo Album

2019-20

Title of the Report: Swatch Bharath – Walk with Nature

Team Members: (Faculty Coordinators)

Mr. Anil Kumar TN

Ms. Tanuja

Ms. Keerthi

Mr. Prasananjeya Reddy

Summary:

”God made you, God made me.

God made trees, God made leaves.

God says: please take care of these..”

It’s always fun to help and be with our green friends as they help to keep our environment clean, in purifying air and giving us oxygen to survive.

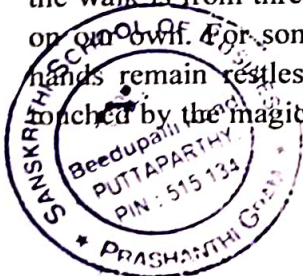

Executive Summary of the Report:

- a) Find the visuals in the Photo Album
- b) 04 Faculty Coordinators and 85 Engg. Students have participated in this event.
- c) Location: Amagundepalyam Trekking – Walk with Nature (35 KMS away from campus)

Findings and Suggestions:

The emphasis is not on finding out names or identifying things as one might do on a ‘nature walk’. We find that we must develop the tenacity and patience needed to simply watch nature. Sometimes children are accustomed to the fast paced changes and excitement that nature shows on television can provide. But they soon learn that nature really has its own rhythm and takes time to unfold its movement; it is not an entertainment but more the reward of diligent observation and sustained interest.

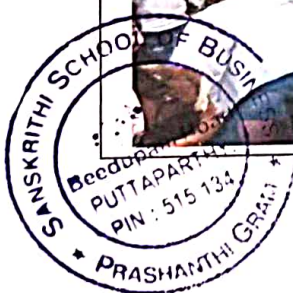

After moving to our campus at Puttaparthi, the walks have become even more intense and relevant. They have helped us look at learning and attention in a direct sense. The duration of the walk is from three hours and a half. For a little while, we sit quietly watching the sunset on our own. For some students, this can be quite difficult — though they are silent, their hands remain restless! Even these students do have their quiet moments, when they are touched by the magic happening around them. We reach a beautiful and interesting spot, and

Dr. Balakrishna

SANSKRITHIANS VISIT METRO

Industrial visit has its own importance in a career of a student who is pursuing a Professional degree. It is considered as a part of college curriculum, mainly seen in engineering/MBA courses. Objectives of industrial visit is to provide students an insight regarding internal working of companies. By visiting industries, they will get all answers for their Questions. They can communicate with different people who are already in the student's interesting field. The students can ask different questions to the professionals working with the industries and try to make a clear path to their career. Sanskrithi School of Business Students participated in the Namma Metro Bengaluru - Industrial Visit. They had a great interaction with the team officers and had a good response and positive feedback. MBA grads had a good work at place to know the operations, Management skills, Marketing Strategies etc. with Reference to the Metro Project on field.

MESSAGE FROM THE CHAIRPERSON

Dear Reader,

All the students recruited from Sanskrithi Group of Institutions have proved to be a great asset to all the companies/organizations they joined. We have witnessed these students achieve great heights in their life. We shall leave no stone unturned to groom our students, not only in their chosen discipline, but also broaden their mind-sets and create positive attitudes thus equipping them with all qualities to make them an asset to whichever institute/organization they may join. The Students undergo a mandatory internship semester (6th Semester) at various industries in India & abroad, preparing them for future and enabling them to acquired required skills for corporate. Corporate Connect is a team of highly motivated teachers who form a link between the companies & students to ensure a smooth encounter of transition.

SUSTAINABLE LIVING — T . PAVAN KUMAR

Mr Pavan Kumar the founder of Diabetic Food International (DFI) addressed our student this month, the session dealt with the importance of sustainable living and development of society.

Diabetic Food International (DFI) has been established with Social Objectives of bringing back Millets to daily diets world over and sup-porting millet farming and farming communities.

Reviving the different varieties of Millet and Millet products is one of the important goals of DFI. This Goal has been taken up realizing the nutritional potential of millets and its role in the prevention and manage-ment of diabetes, obesity, heart disease and other lifestyle diseases.

Ananthapuramu (Dt.) A.P.

The management week celebrations will include a programme on Inspirational Talk by Professors of management studies. Mr. Vijaya Baskar Reddy, chairman, Sanskrithi Group of Institutions addressed the management students it is very important to know the rural pulse to grow in the business. Dr. P. Narayana Reddy, Group Director of Sanskrithi Group of Institutions opined that management education is required to all disciplines to benchmark themselves in their respective field. Without management it is very much equivalent to grope the target under uncertainty. Dr. P. Srinivasan, Principal, Sanskrithi School of Business welcomed all the students and waved the green signal to start the programme.

NATIONAL MANAGEMENT WEEK CELEBRATIONS

2017

Embarking on an educational adventure is probably the best way to have some fun-filled time and open minds to different spheres of knowledge. There are not many adventure activities apart from trekking that offer as much excitement and thrill. The urge to test one's physical endurance, discover unknown territories, understand the fragility of mountain ecology, study the existence of flora and fauna at high altitude, and learn about distinct geography is what drives people towards trekking. The senior students of Sanskrithi School of Business went on to experience one such different educational trekking mode section. Trekking is an activity that challenges the physical as well as the mental aspects of an adventure fanatic. This adventure activity offers an amazing adrenaline rush and you will be really surprised to know that trekking also leads to some permanent benefits. In the today's section, all the students have participated in ethical issues aspects and had a detailed group discussion followed by some cultural activities.

AGRI-BUSINESS MODELS FOR RURAL FARMERS

Statement and Objectives: Agriculture industry specifically in India is at the crossroad of a new revolution. The entire food chain is supposed to be modernized and the production is expected to be doubled in the coming 10 years. Apart from domestic demand, this industry brings in huge export prospects.

Today the senior students of Sanskrithi School of Business gave best seminars on the agriculture life and they gave the increasing impact of globalisation and advancing technologies, the food, agrienergy and agricultural industries are in a state of expansion and evolution. And students gave some new ideas which will help the farmers.

Executive Summary of the Report:

- A) Mobile Fruit processing Unit for Oranges, Guava, Rose Apple, Maize.
- B) Students suggested mini-mobile
- C) The students were brain stormed together and suggested the many agri based products to the rural farmers by extracting the essence from different fruits and crops which are cultivated in the rural area.
- D) Students suggested various innovative entrepreneurial business models to uplift the income capacity farmer.

Students suggested extracting the essence of Jumbo fruits and various marketing strategies they have discussed in the session

Ethnic diversity adds richness to a society. In a world where everything is dependent on technology, there are still certain identities of us that are represented by what we wear, eat, believe and even celebrate. In spite of all these differences, the human race is bonded through peace and tranquillity. Ethnic day at Sanskrithi aimed at establishing the same phenomenon and thus successful in celebrating a single world. Students embraced different cultures through dressing up with costumes of different ethnicities and danced to their musical forms. Finally a lunch is hosted by management in traditional Andhra and Rayalaseema style .

RISE THINK TANK

RISE THINK TANK is a strategic group of five people from SSE & SSB. It is a club in the organization which performs research and advocacy concerning topics of technology, sustainable energy, waste management and general management. THINK TANK meetings are conducted weekly and are hosted by Mr. Paul Spiesberger and Ms. Chloe Zimmermann. It has covered

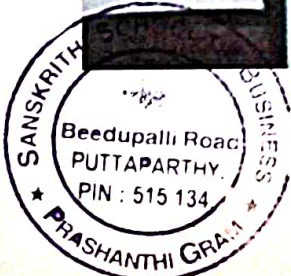

about fab lab ideas, collaboration of management studies with technology, how to use a mini computer called Raspberry Pi and developing a green campus. This week, RISE THINK hosted ways of waste management techniques (GREEN CAMPUS DAYS) by the department of chemistry and civil engineering. RISE THINK TANK is a strategic group of five people from SSE & SSB. It is a club in the organization which performs research and advocacy concerning topics of technology, sustainable energy, waste management and general management. THINK TANK meetings are conducted regularly.

Children's Day Celebrations: 14th Nov: Students of SSB and SSI have participated in the celebrations of Children's Day at Beedupalli Government School with SSC Batch Students. Our Sanskritians have celebrated by gifting the exam pads, stationaries and Snacks to all the SSC students. Had a wonderful day with lot of fun and joy.

Cooking & Trekking: 4th Nov Students of Sanskriti Business had a special day with new classic event titled Cooking & Trekking at Pedaballi in Farm house. Students all enjoyed with fun and games with yummy filled tummy items made by Student themselves.
