WHAT DOES RUBICON DO

We pride ourselves on having exceptionally high standards! Everyone that studies with us, pays the same cost regardless if they pass or fail. Some courses have an initial assessment attached and this must be both completed and the correct level achieved prior to your place being secured on your preferred course. Remember that we can never guarantee successful outcomes first time around.

Employment Opportunities

Through our sister company Rubicon Facilities Management, we actively seek to employ successful candidates who have completed their tuition with Rubicon Training. This process of training to employment works extremely well and the longevity of employment with Rubicon Facilities Management has been very successful, with members of our Management Team having followed this same pathway.

Progression Pathways

Many of our training courses can act as a stepping stone to further education opportunities. From pathways in Security, First Aid, Teaching and Assessment within Rubicon Training.

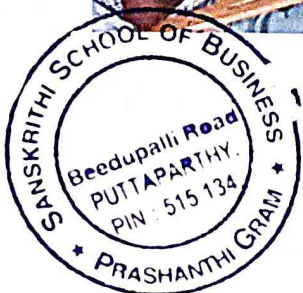

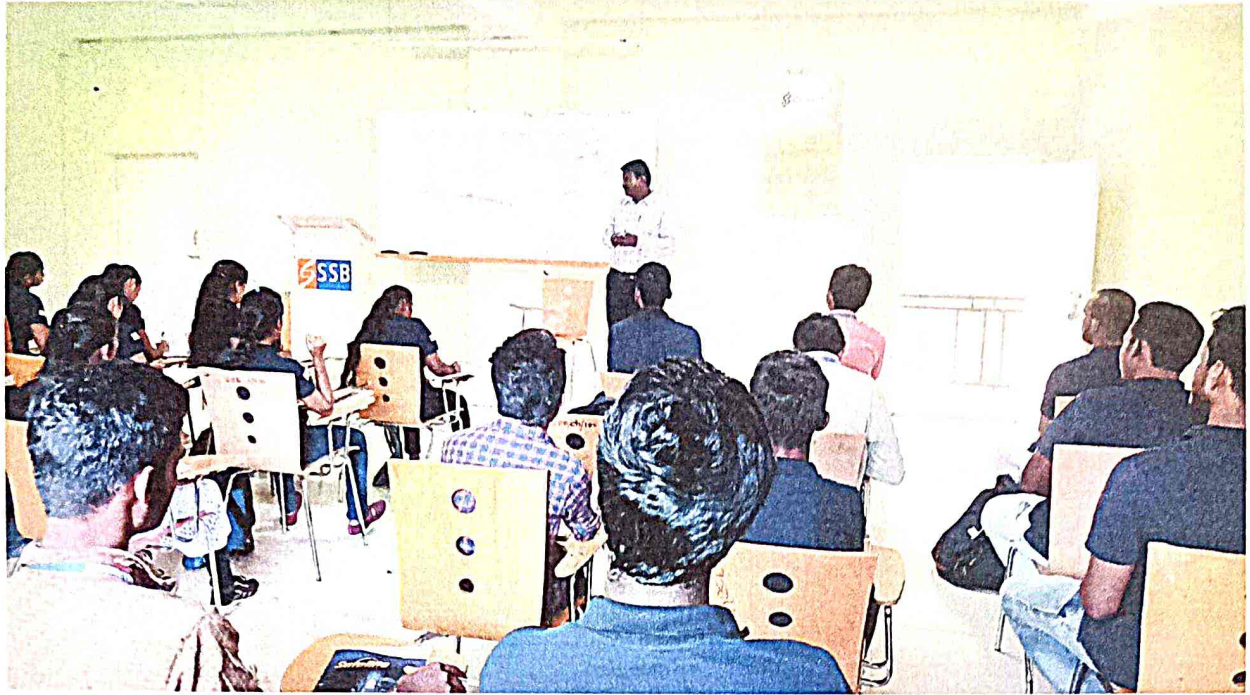

Tutor Knowledge

The tutors within Rubicon Training hold a vast amount of experience within their chosen delivery sector and are classified as sector experts. Many of our tutors are still employed in their chosen industry, so you can rest assured that you are being passed on the knowledge from someone that has the real-life experience.

- Skill-based education places the ownership of learning in the hands of the students and helps them restrict the big gap of understanding. ...
- It scintillates creativity along with critical thinking, making the learners analytical.
- with appropriate skill development, the young people can get to better-paying positions and experience a better quality of living. Further, with legitimate improvement at the grass-root level, each area inside the economy will encounter equivalent development. In conclusion, with skilled Indians entering the workforce, better outcomes can be accomplished at a faster pace, which can possibly support the nation's economic development.

Skill development is a vital tool **to empower people, to safeguard their future and for the overall development of an individual.** It is an important aspect that enhances employability in today's globalisation. Skills are as essential as one's academic status. Education and skills should now go hand in hand
