Title of the Report: Swatch Bharath – Walk with Nature

Team Members: (Faculty Coordinators)

Mr. Anil Kumar TN

Ms. Tanuja

Ms. Keerthi

Mr. Prasananjeya Reddy

Summary:

"God made you, God made me.

God made trees, God made leaves.

God says: please take care of these..."

It's always fun to help and be with our green friends as they help to keep our environment clean, in purifying air and giving us oxygen to survive.

Executive Summary of the Report:

- a) Find the visuals in the Photo Album
- b) 04 Faculty Coordinators and 85 Engg. Students have participated in this event.
- c) Location: Amagundepalyam Trekking – Walk with Nature (35 KMS away from campus)

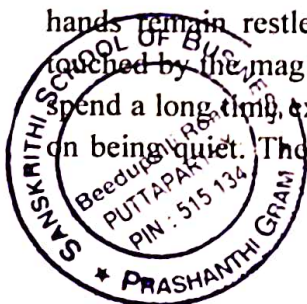

Findings and Suggestions:

The emphasis is not on finding out names or identifying things as one might do on a 'nature walk'. We find that we must develop the tenacity and patience needed to simply watch nature. Sometimes children are accustomed to the fast paced changes and excitement that nature shows on television can provide. But they soon learn that nature really has its own rhythm and takes time to unfold its movement; it is not an entertainment but more the reward of diligent observation and sustained interest.

After moving to our campus at Puttaparthi, the walks have become even more intense and relevant. They have helped us look at learning and attention in a direct sense. The duration of the walk is from three hours and a half. For a little while, we sit quietly watching the sunset on our own. For some students, this can be quite difficult — though they are silent, their hands remain restless! Even these students do have their quiet moments, when they are touched by the magic happening around them. We reach a beautiful and interesting spot, and spend a long time exploring and climbing. On these occasions, there isn't necessarily a focus on being quiet. These walks have also helped us get to know our neighbours more closely.

Initially, none of the villagers could comprehend our strange and purposeless walks! Over time, we have become a regular fixture in the village surroundings. The students spend a long time playing with and fondling the cattle and their young. We watch and understand the rhythm of the farmers' lives, and we eat the crops they grow — rice, pulses and fruits.

Except from the books and courses let's teach our children to clean the resources.

Our festival mission is to:

Conducted cleanliness drive for creating awareness among the public in the Beedupalli Village – Behind the Campus. The NSS volunteers actively participated in creating awareness by taking door to door campaign to the public, informing them about the importance of cleanliness. The students took the initiative to clean the surrounding of vicinity. The total number of students who participated in the campaign was 110.

Executive Summary of the Report:

- a) Find the visuals in the Photo Album
- b) 10 Faculty Coordinators and 230 MBA Students have participated in this event.

Findings and Suggestions:

There was a big push by all the students and faculties along with the Management in making this event a very grand success with the association of Department of Police and Municipal Corporation – Puttaparthi. As a guest of honour we have Mr. Ratnakargaru (Head of the Ptp), DSP, CI and team of Municipality who have started this event by flag hosting.

All the students had a wonderful time with more of energetic participation. All of them are very interested to have some new feeling and experience. This event was self financed by the Institution Management; we request to grant some funds from the university.
